

Seed Piracy

In response to your request, here is a statement that Licensees can use in their Seed Guides only (for marketing purposes) as a deterrent to seed piracy. This should **NOT BE USED ON BAGS, BAG TAGS, OR LABELS!**

Option #1:

Seeds containing a Monsanto or Monsanto affiliate germplasm trait including conventional and Roundup Ready® are protected under numerous United States patents. It is illegal to save Roundup Ready Soybeans and conventional soybeans containing protected germplasm for planting, or transfer to others for use as planting seed.

Option #2:

Seeds containing the Roundup Ready trait are protected under numerous United States patents, including Patent Nos. 5,352,605 and RE39,247. It is unlawful to save Roundup Ready Soybeans for planting or transfer to others for use as planting seed.

Option #3:

Seeds containing the Roundup Ready trait are protected under numerous United States patents, including Patent Nos. 5,352,605 and RE39,247. It is illegal to save Roundup Ready or patented conventional soybeans for planting or transfer to others for use as planting seed.
